CALLS ON DISTRICT FOR \$769,536.09

Provision in Sundry Civil Bill for the Care of Indigent Insane.

SUM DECLARED TO BE DUE GOVERNMENT HOSPITAL

Amount of Appropriation Carried by Measure, \$109,577,414.40.

REDUCTION OVER \$33,000,000

Tariff Board Abolished, Panama Canal Appropriation Cut in Half.

Items of Interest to National Capital.

How the Bill Affects Washington.

Orders the District of Columbia to pay to the United States over three-quarters of a million dollars for the care of indigent patients at the Government Hospital for the Insane during the years from 1881 to 1911.

Abolishes the tariff board. Provides for a boulder bridge, to cost \$2,000, in Rock Creek Park. Directs bridge plans for park to be drawn by municipal architect of the District of Columbia.

Gives the Secretary of the Treasury authority to substitute power presses for hand presses in bureau of engraving and printing.

Appropriates toward the maintenance of Providence Hospital, \$19,000; Garfield Hospital, \$19,000; Columbia Institution for the Deaf, \$7,500, an increase of \$12,500; Howard University, \$80,000, a reduction of \$3,500; Freedmen's Hospital, \$64,000, a reduction of \$38,000; construction work at the Federal Training School for Boys, \$15,000.

Carrying out the democratic policy of reducing expenditures, the committee on appropriations of the House reported the sundry civil bill today, showing a cut of \$33,000,000 under the appropriations for the present year. In all, the bill provides for expenditures of \$109,577,414.40. Half of the reductions affect the Panama Canal zone.

Thousands of dollars are appropriated for activities and care of institutions in Washington. The government of the District of Columbia is greatly affected by the bill, which orders that from the revenues of the District the sum of \$769,536.09 shall be paid back to the United States Treasury. This money is to cover the cost of maintaining indigent patients at the Government Hospital for the Insane.

Dr. White, superintendent of the hospital, appeared before the appropriations committee and told the members that from 1881 to 1911 the hospital had been supporting District patients and in no year had the District ever paid the bills in full. The total of the hospital bill is just twice the amount the District will have to pay back, the computation giving full credit to the half-and-half principle of appropriation.

Engraving Bureau Appropriation.

A final appropriation of \$75,000 is recommended for the new building of the bureau of engraving and printing. The limit of cost of this building is set at \$250,000, and most of that has been appropriated and a contract let for the work. A total of \$300,000 is recommended for the new building, \$50,000 for a new power plant, and the balance is made that four of the present boilers are antiquated and unsafe at an operating pressure of more than eighty pounds.

In appropriating for the bureau of engraving and printing the committee has directed that the bills in the Treasury Department be printed on the new United States bonds and paper money. Under the appropriation committee's plan, the Secretary of the Treasury is to make this change, which has been long fought by the printers, he can do so, but he is required to pay for the work one year only one-fifth of the total number of hand presses required to produce the United States currency. The committee also has the authority to put money on hand roller presses, but they will be considered as hand roller presses in the sight of the law.

Half Million for Post Office.

Half a million dollars is recommended for the construction of the new post office building, which will form one of the beauties of the "new Washington," and which will cost \$2,500,000.

Rock Creek Park will receive an appropriation of \$100,000 if the bill is passed. For the construction of walks and roads. The bill specifies that \$20,000 should be expended for the erection of a boulder bridge across Rock Creek to replace the present log bridge on the line of the roadway from Adams Mill road and Cathedral avenue.

Instead of the fine arts commission and others being responsible for the plans of bridges in the park, the committee provides that the municipal architect of the District of Columbia shall do the work.

In the appropriation for headstones to be used in marking hitherto unmarked graves of soldiers in Washington, another bill has been inserted into the bill, as a further bond between the north and south. The bill provides that soldiers will be identified and marked if the bill passes, at the expense of the federal government. The committee also recommends that hereafter ex-Confederate soldiers who die in Washington or in the neighborhood of the National Capital shall be buried in Arlington cemetery at the expense of the government, which has a stipulated limit of cost for such burials. A certificate from Camp No. 171, U. S. C. V. of the District of Columbia, is required under the terms of the bill before ad-mission to Arlington shall be obtained for such ex-Confederates.

Potomac Park River Front.

Toward the building of a macadam road along the river front of Potomac Park, east of the railroad embankment, the committee reports a necessity for \$25,000. This is one of the new items which make for an increase in the care of buildings and grounds in Washington. Another one is a new appropriation of \$3,500 for the grading of Stanton Park, bordering Sixth Street north of the Capitol. The committee stipulates that no money shall be spent for

REBELS TAKE TOWN

Capture San Miguel del Mezquital, Zacatecas.

NO TERMS WITH OROZCO

Madero Denies Any Treating With Insurrecto for Peace.

HUERTA MEETS NO OPPOSITION

Federal Commander Proceeding Slowly—Foreigners Fleeing From Chihuahua.

The Mexican rebels have scored another victory south of Torreon. Reports to the State Department today declared that after a hard fight the insurgents captured the town of San Miguel del Mezquital, Zacatecas, just across the line from Durango. The town was completely sacked. Dr. William White, concerning whom inquiry had been made, is reported by Consul Letcher to be well and safe at Chihuahua, while Thomas White is at El Paso, Tex. Local representatives of President Madero have received a telegram from the president's secretary, J. Sanchez Azcona, at Mexico City, denying that the Madero administration was dealing in any way with Gen. Orozco for terms.

"Please deny in the most emphatic manner," read the Azcona message, "rumors circulating in the United States that President Madero has directly or indirectly treated in any manner with Orozco or the revolutionists for peace or any terms. Orozco is lost and the government of Madero will never treat with him."

Troops Clash Fatal.

TORREON, Mexico, June 3.—A clash growing out of jealousies between the regular troops and volunteers resulted yesterday in the killing of two men and the wounding of five others.

The demand of Gen. Campa, the rebel commander, for the surrender of Torreon and Lerdo is looked upon as a bluff. The inhabitants exhibited indifference toward the fighting. The usual Sunday night concert was held.

Gen. Huerta is proceeding slowly and meeting with no resistance.

MEXICO CITY, June 3.—News has been received here of the murder of Huelco, a German, at San Miguel, Durango province, Mexico. At the request of the German legation the Mexican government has dispatched rurales to the scene of the crime to rescue Huelco's family and punish his murderers.

Foreigners Flee Chihuahua.

CHIHUAHUA, Mexico, June 3.—Out of a normal foreign population of at least 2,000 this city contains exactly 106 foreign residents today. Of the 1,000 Americans who ordinarily live here only thirty-five men and twelve women remain.

At the outbreak of the rebellion the fear of an attack on the rebel city by the advancing federals has practically depopulated the town.

Thirty thousand people inhabit Chihuahua in time of peace, but today less than 20,000 are here, and the exodus is daily growing larger.

Besides the Americans there are twenty-five British, thirty-three Germans. Though an attack by the main federal column under Gen. Huerta is expected, the possibility of a flank movement by Gen. Villa and Raloso, who are reported coming from Parral, south of Chihuahua, with cavalry, has alarmed the population.

Plan Stand at Bachimba.

Present plans of the rebel leaders call for a stand at Bachimba, forty-six miles south of here, in the mountain passes along the Mexican Central railroad.

It is believed that the government troops will not be able for some time to reconstruct the burned bridges to transport their artillery, and the rebels hope through the fall to get enough ammunition to give the federal forces a battle at Bachimba.

There is little ammunition in the rebel army today—not enough at any time. The government troops, however, are getting supplies rapidly and will be well supplied when the fighting is resumed at Bachimba.

MINISTER ADVISES WIVES.

Rockefeller's Pastor Gives Series of Don'ts for Their Guidance.

CLEVELAND, Ohio, June 3.—A few "don'ts" for wives were given by Rev. Dr. W. B. Bostard, pastor of the Euclid Avenue Baptist Church, of which John D. Rockefeller is a member, in his sermon last night.

Don't marry a man for a living, but for love. Marry without money, but with a good character.

Don't overdress or underdress; common sense sometimes is better than style. A wife with a hold-up skirt never will have a good husband.

Don't tell your troubles to your neighbors. Don't fight with your husband if it takes all summer.

Don't nag. The saloonkeeper is always glad to welcome your husband with a smile.

Don't forget that home is woman's kingdom, where she reigns as queen. To be the mother of a Lincoln, a Garfield, McKinley is to be the mother of a prince.

BABY'S CRIES SAVE PARENTS.

Bring Help to Prisoners in a Folding Bed.

NEW YORK, June 3.—The muffled screams of a baby yesterday brought aid to its parents, who were being slowly smothered and crushed to death in the arms of soldiers in Washington, another bill has been inserted into the bill, as a further bond between the north and south. The bill provides that soldiers will be identified and marked if the bill passes, at the expense of the federal government. The committee also recommends that hereafter ex-Confederate soldiers who die in Washington or in the neighborhood of the National Capital shall be buried in Arlington cemetery at the expense of the government, which has a stipulated limit of cost for such burials. A certificate from Camp No. 171, U. S. C. V. of the District of Columbia, is required under the terms of the bill before admission to Arlington shall be obtained for such ex-Confederates.

FASTS TO REDUCE WEIGHT.

Atlantic City Man Then Went to Hospital for Treatment.

PHILADELPHIA, June 3.—John Watson of Atlantic City fasted forty-six days in order to reduce his weight and then tried to eat a meal.

Yesterday Watson walked into detective headquarters and asked to be sent to a hospital. He had weighed 140 pounds, which, he thought, was too much. He consulted doctors. They told him to fast. He fasted. Yesterday he weighed 114 pounds, and felt he had accomplished enough. So he ate a real meal.

Then he walked into headquarters, sick, and asked for assistance. He was sent to the Philadelphia Hospital.

SWATTING SQUAD ISSUES CHALLENGE

Burdette's Fly Killing Club Seeks Contest With Others.

TO WAGE BITTER WAR ON INSECTS IN JUNE

Hopes to Have Slain 300,000 Pests by End of Month.

MARK TRICE WORKING HARD

Turns in 32,000 to Dr. Murray at the Health Office as Result of Three Days' Work.

The Industrial Home School Anti-Fly Club hereby challenges any club or organization of boys or girls for a fly-killing contest during the month of June or for the entire summer, the rules of The Star's Anti-Fly Contest to govern the competition between clubs.

LAYTON H. BURDETTE, President.

ROSA TARRANT, Secretary.

The above challenge has been issued by the newly formed club of the Industrial Home School through its president, Layton Burdette, winner of The Star's anti-fly contest for May.

"We are going after flies in earnest this month," said Layton last night, "and we hope that some of the boys and girls in the city who think they know how to kill flies will form a club and make us some competition. We would like to use traps and other means of killing flies by the wholesale. We have killed as many as 30,000 flies out here in a single day, and by the end of June we will have at least 300,000 registered with Dr. Murray at the Health office. If June is a warm month, with little rain, we will have twice that number. We want some competition. We would like to have classes in any of the public schools work against us, or the boys and girls in various neighborhoods. We are not particular and only ask that clubs follow the rules of the contest as run by The Star."

All Not Over Sixteen Eligible.

In The Star contest any boy or girl not over sixteen years of age is eligible, and sticky fly paper is the only method of killing them.

The Home School Club is organized on a business basis and started work Saturday. As it was a holiday the boys and girls had much time to give to the killing of flies and started the month with a large number of flies in a month.

Raymond O'Mara has been elected treasurer of the club and the \$25 won by Burdette in the May contest will be the first deposit in the fund for the organization. All business will be conducted by the children alone. Already the treasure has brought nearly a worth of wire screen to the club.

The Star prize will not be paid over to Burdette until tomorrow, the club had to ask for credit, which it readily received as a Georgetown merchant thought that any organization that demolished hundreds of thousands of flies in a month was businesslike enough to have small credit extended to it.

Swatters Have "Eats."

Just to keep the club members in good spirits and to enliven a discussion of the fly question, the executive committee of the club had a special meeting Saturday night, at which refreshments were served.

The "eats" also were held in credit and consisted of ice cream and cake. Members of the executive committee are George Harvey, Thomas Noonan, Raymond Weedon, Horace Harwood, Lillian Gray and Liella Estep.

The committee on swatters will be one of the busiest of the month. It will be necessary to increase the number of weapons materially. The treasurer's purchase of green was 20 square of wire.

When the club gets into full operation its membership will number close to 100 boys and girls.

By the end of the month, however, much will be expected of them. Even the smallest seem greatly interested in exterminating the pests.

Ribbons to Be Given.

At the end of each month the roll of honor will be read, and the boy and girl with the highest number killed will be awarded a gold ribbon. The next ten boys and five girls will receive blue ribbons, the next ten and five red ribbons, and the third ten and five white ribbons. The boys in the school outnumbered the girls two to one.

The secretary of the club is now in correspondence with firms to get bids on "swat fly buttons," which will be used to pin the ribbons on the victorious. Wearers of the ribbons for June, who qualified their kills, may records are: Gold, George Harvey—record, 10,000 flies, and Rosa Tarrant, 2,000 flies; blue, Ed. O'Mara, 1,000 flies; red, Samuel Cherry, 500 flies; white, Charles Glick, Harry Rhea, George Condon and Joseph Petrillo, are awarded a gold ribbon.

LORIMER IS IN CITY

Expected to Speak in His Own Defense in Senate.

Senator Lorimer will fall far short of the necessary majority to insure his remaining. The latest poll indicates the standing of senators as follows:

Against Lorimer, 55 in all—21 republicans and 34 democrats.

For Lorimer, 37 in all—25 republicans and 12 democrats.

These figures are understood to be based on a poll which senators favorable to Senator Lorimer have made, and has been used as the basis for a still lingering hope that Senator Lorimer will resign.

Here is the line-up, as predicted by those in touch with the situation, for the final vote:

Against Lorimer: Ashurst of Arizona, Bacon of Oregon, Bristow of Kansas, Bourne of Nebraska, Bryan of Florida, Burton of Ohio, Chamberlain of Oregon, Clapp of Minnesota, Clarke of Arkansas, Crawford of South Dakota, Culberson of Texas, Cummins of Iowa, Curtis of Kansas, Davis of Arkansas, Dixon of Montana, Fall of Arizona, Gardner of Maine, Gore of Oklahoma, Griggs of North Dakota, Hitchcock of Nebraska, Johnson of Maine, Keim of Ohio, Kern of Indiana, La Follette of Wisconsin, Lea of Tennessee, Lodge of Massachusetts, McLean of Connecticut, Martin of Virginia, McPherson of New Jersey, Myers of Montana, Nelson of Minnesota, Newlands of Nevada, O'Connor of New York, Overman of North Carolina, Owen of Oklahoma, Penrose of Pennsylvania, Perkins of California, Richardson of Delaware, Sargent of New York, Smith of Maryland, Reed of Missouri, Root of New York, Shively of Indiana, Smith of South Carolina, Smith of Georgia, Smith of Michigan, Sutherland of Utah, Swanson of Virginia, Townsend of Michigan, Williams of Mississippi and Works of California.

Favorable to Senator.

For Lorimer—Bailey of Texas, Bankhead of Alabama, Bradley of Kentucky, Brandegee of Connecticut, Briggs of New Jersey, Burnham of New Hampshire, Burton of Ohio, Clark of West Virginia, Clifton of West Virginia, Clark of Virginia, Crane of Massachusetts, Cullum of Illinois, Dillingham of Vermont, Du Pont of Delaware, Fletcher of Florida, Foster of Louisiana, Gallinger of New Hampshire, Gamble of South Dakota, Guggenheim of Colorado, Hayburn of Idaho, Johnston of Alabama, Jones of Washington, Lippitt of Rhode Island, McCumber of North Dakota, Nixon of Nevada, Oliver of Pennsylvania, Payton of Kentucky, Penrose of Pennsylvania, Perkins of California, Richardson of Delaware, Sargent of New York, Smith of Maryland, Reed of Missouri, Root of New York, Shively of Indiana, Smith of South Carolina, Smith of Georgia, Smith of Michigan, Sutherland of Utah, Swanson of Virginia, Townsend of Michigan, Williams of Mississippi and Works of California.

Recent Polls Show Accused Illinoisian Is Eight Votes Short of Majority.

The fight over Senator Lorimer's election will come up in the Senate tomorrow, when Senator Kern, leading the forces which seek to unseat the Illinois senator, will make the first speech in what promises to be at least a two-week debate.

The majority of the members of the investigating committee have reported that the charge that Mr. Lorimer's election was brought about by bribery and corruption has not been proved. Senator Dillingham, chairman of the committee, will lead the defense and support the contention that the Senate, having once operated him, cannot try him again on practically the same charges.

To Speak in Own Defense.

Senator Lea of Tennessee, Senator Kenyon of Iowa and others are expected to speak against Mr. Lorimer and many will speak for him. Senator Lorimer will be in his seat and expects to speak in his own defense.

Senator Lorimer arrived here today from Chicago. He declined to answer directly when asked if he had any intention of resigning, and when asked about the reported poll of the Senate, which is said to be against him, he replied he knew nothing of it. The senator refused to discuss his plans further than to say he expected to speak in his defense.

Polls Unfavorable to Him.

Recent polls taken in the Senate on the Lorimer case have not tended to show that the "blonde boss" is gaining, and it now appears that he will not get more than forty votes. A majority of the Senate, with its ninety-five sitting members, is forty-eight; and therefore the Illinoisian is eight votes short.
